

### **3<sup>rd</sup> Call for Proposals for Joint R&D and Innovation Projects Between Singapore and Jiangsu Companies**

#### **Call Timeline**

Call Opens	22 May 2024
Submission Deadline	10 July 2024
Announcement of Approved Projects	November 2024

Enterprise Singapore (“EnterpriseSG”) and Jiangsu Science and Technology Department (“JSTD”) have announced the call for proposals for joint R&D and innovation projects between Singapore and Jiangsu. This joint call is part of the Singapore-China Yangtze River Delta (YRD) Joint Innovation Call Programme.

This joint call follows the MOU renewed between the two government entities in October 2023 during the 17<sup>th</sup> Singapore-Jiangsu Cooperation Council Meeting (SJCC). It aims to facilitate deeper cross-border collaboration between Singapore- and Jiangsu-based enterprises on science, technology, and innovation, and assist enterprises in their overseas ventures through co-development with foreign partners.

Interested companies from Singapore and Jiangsu are invited to submit their joint project proposals in the research and development of innovative products and applications with a strong market potential.

#### **1. Project Scope**

The call for proposals is open to all technological and application areas, such as:

- Life Science, Healthcare and Biomedical
- Information and Communication Technology
- Green and Low Carbon Technology
- New Materials
- Advanced Manufacturing

#### **2. Partnership and Project Requirements**

The project partners must meet the following requirements:

- The consortium must involve at least one company from Singapore and one company from Jiangsu as lead organizations. Both organizations must be independent from each other.

- Academic/research entities and additional companies are welcomed as additional cooperation partners according to each country's funding regulations.
- Academic/research entities and/or companies from other countries may also participate. However, EnterpriseSG and JSTD will not fund these partners in this call.

The project proposals must comply with the following guidelines:

- The project should focus on the development of new products, services or processes of industrial application leading to commercialization in the domestic and/or global markets.
- The project should have an obvious advantage and differentiated value proposition resulting from the cooperation between participants from the two countries (e.g., increased knowledge base, commercial leads, access to R&D infrastructure, new fields of application, etc.).
- The project should demonstrate a balanced technological contribution between the partners from both countries. Each partner should contribute no more than 70% of total project contribution, in terms of total project budget and person months.
- The project partners should agree in advance on the distribution of intellectual property (IP) rights and on the commercialization plans for the product, service, or process.
- The project partners are required to submit a signed MOU, letter of intent (LOI) or agreement, along with the joint application form. The collaboration period should be no more than 36 months.

Any partners whose joint R&D project is consistent with the aforesaid criteria can apply to the current call for proposals in accordance with the national laws, rules, regulations, and procedures in effect.

### **3. Eligibility Criteria**

#### **3.1 For Jiangsu-based Companies**

Projects will be funded through JSTD's International S&T Cooperation Programme.

The Jiangsu partner must meet the following criteria:

- a) The lead organization must be a R&D performing company, registered and operating in Jiangsu.
- b) The lead organization must be registered in Jiangsu before 31 December 2022.

Interested Jiangsu-based companies should refer to JSTD's notice on its website (<https://kxjst.jiangsu.gov.cn>) for more information regarding eligibility criteria.

Is

#### **3.2 For Singapore Companies**
